

StandWeSpeak

"One-stop solution for your sexual health needs"

My Story

How **BIG** is the problem?

14%

adolescent girls give birth every year, globally. (UNICEF)

800

women die every day from preventable, pregnancy-related causes. (WHO)

1 IN 3

women experience intimate partner violence, globally. (WHO)

333 MILLION

new cases of curable STIs occur worldwide, each year.

2.1 MILLION

India has the 3rd largest HIV epidemic in the world. (UNAIDS)

1 BILLION

children experience violence every year, globally. (WHO)

1.3 BILLION

India has a population of 1.3 Billion & only 5.6% people use condoms. (NFHS)

#3 RANK

Children in India reported the third highest online and offline bullying rate. (MICROSOFT CO.)

15/16 YRS

Average age at first sexual intercourse for boys and girls, in India. (NFHS)

1 IN 3

child bride in the world is Indian. (UNICEF)

104M

individuals belong to the LGBT community in India.

#112 RANK

India's rank on gender equality, on a global Index.

Why

is the problem occurring?

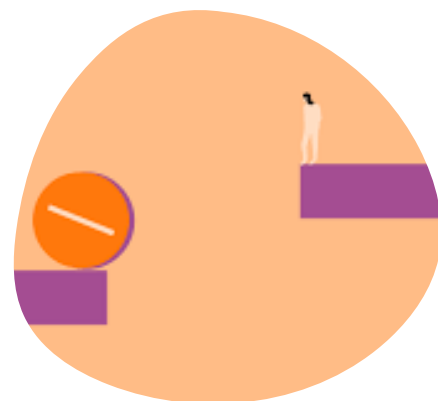

1. Shame & Stigma

2. Misinformation

3. Lack of reliable sources

4. Lack of access

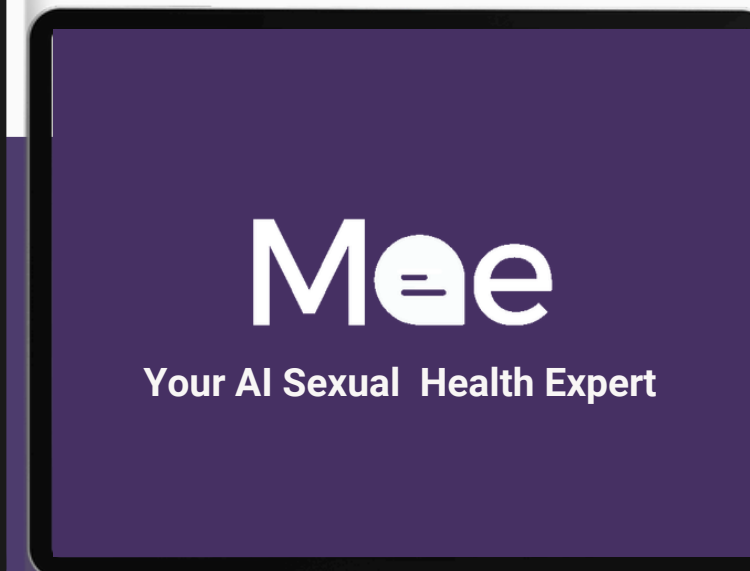

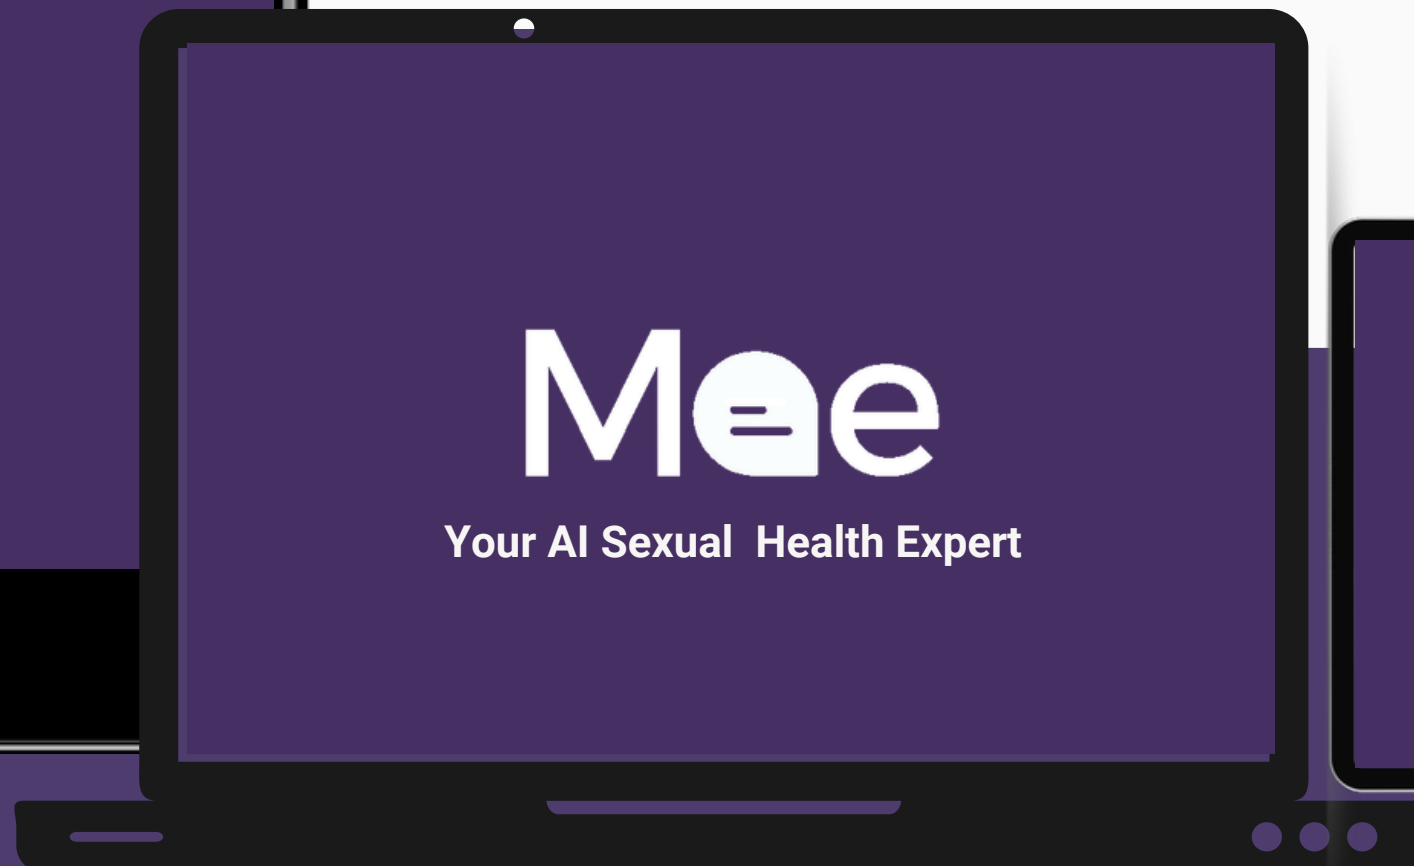

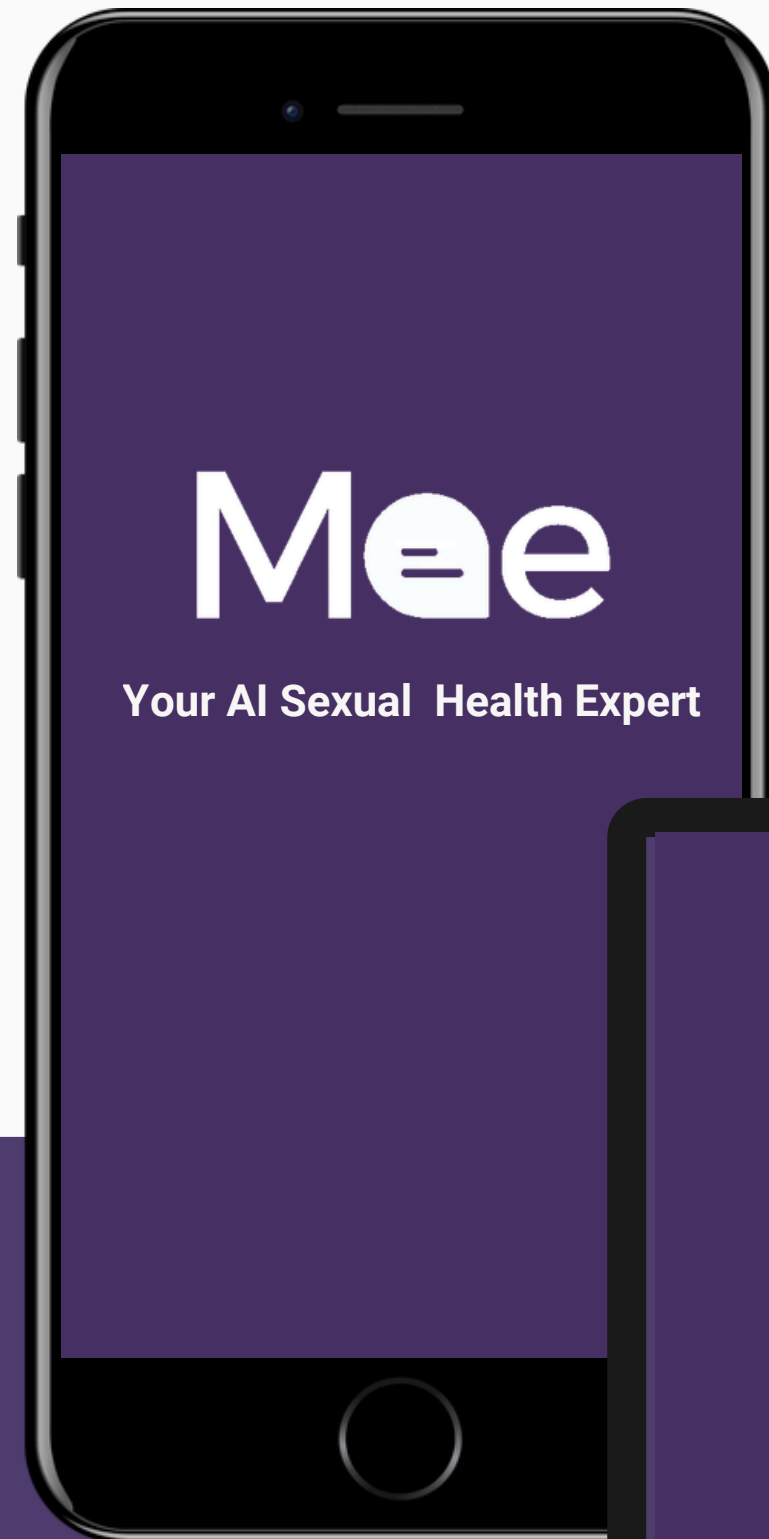

5. Expensive

“

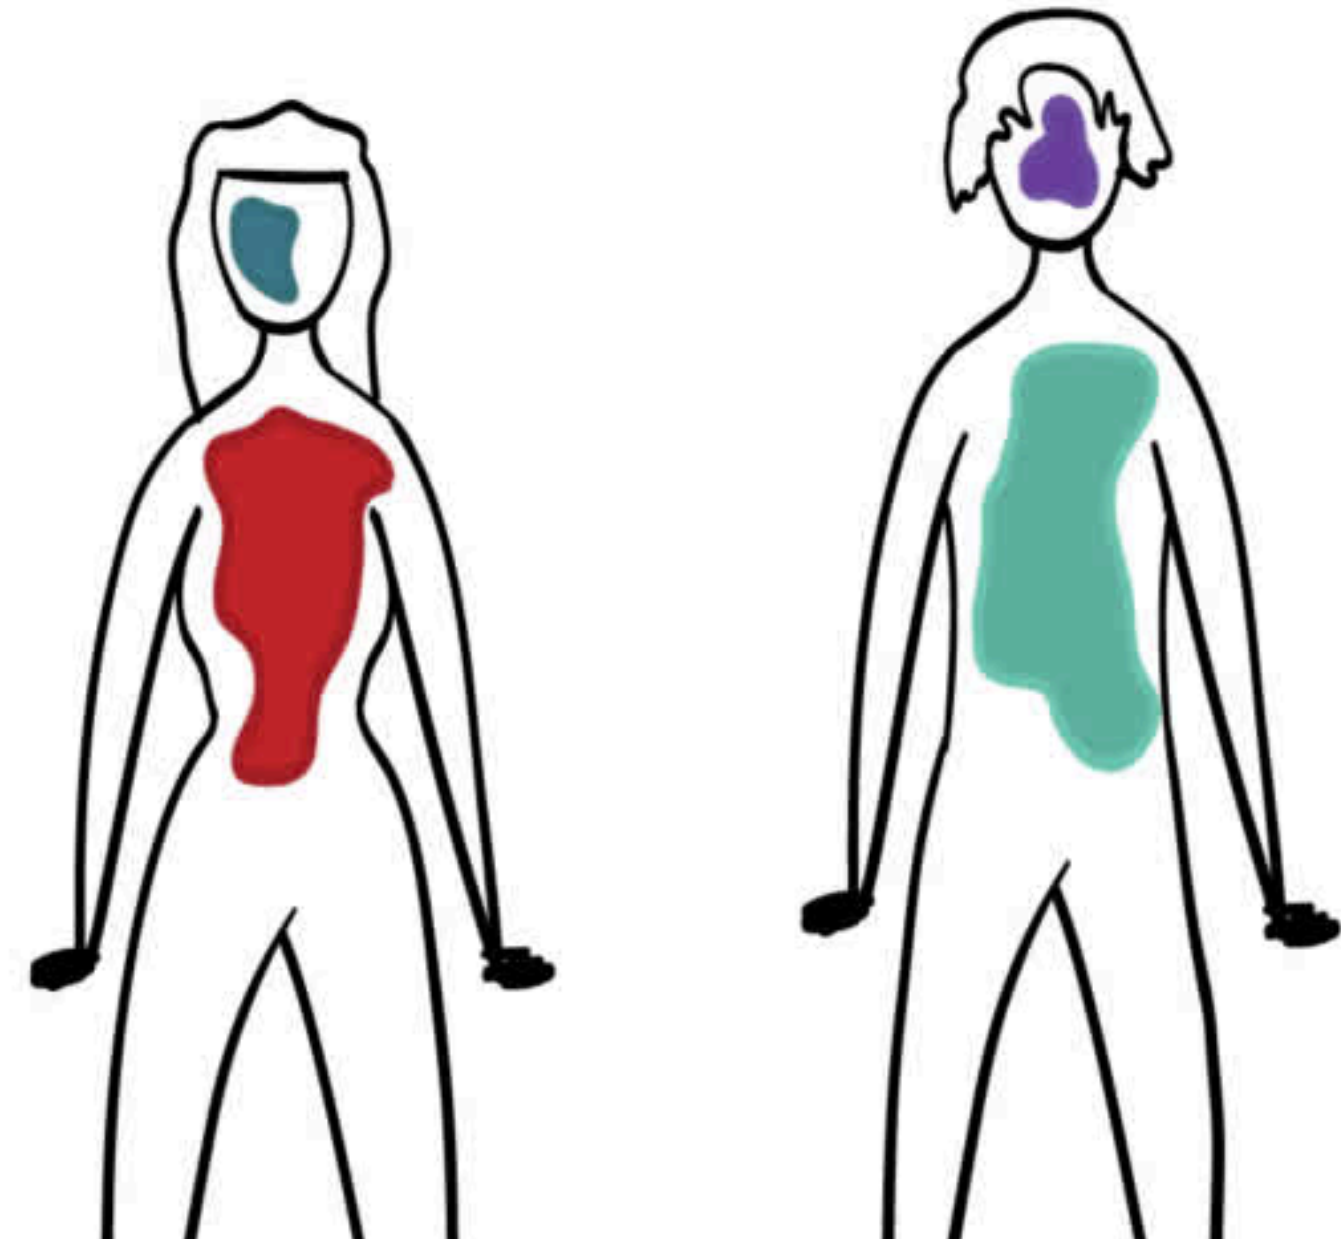

OUR VISION:

We envision a **world where equality, agency, and bodily autonomy** for everyone exist.

OUR MISSION:

Our mission is to **advance global health and achieve gender equality** by promoting bodily autonomy amongst youth.

In order to achieve that, we are **leveraging AI technology to enhance young people's access to sexual and reproductive healthcare** information and services.

Impact

3 GOOD HEALTH
AND WELL-BEING

Teenagers

To have gained **appropriate information** about consent, abuse and safety, gender, abortion, contraception, pregnancy, STI/HIV, sexual coercion and more.

4 QUALITY
EDUCATION

Women

To **break the shame & stigma** around sexual wellness, using period, intimate care or sexual wellness products.

LGBTQ+

To build an **open, respectful and tolerant social climate** towards people of various sexualities, lifestyles, attitudes and values.

5 GENDER
EQUALITY

Youth

Perceptual and **attitudinal change in the mindset** of students, parents and children towards health, hygiene, and well-being.

Overall

To advance **global health and achieve gender equality** by promoting bodily autonomy amongst youth.
